

Bride & Zoom

Livestreamed ceremonies

venue.rcpe.co.uk

Please welcome your new bride and zoom!

If you have international family members that can't attend your wedding day, our AV and venue team have developed a boutique/unique service – a livestreamed ceremony where those who are important to you can still attend.

What to expect at your livestreamed ceremony

A welcome page so that your remote guests know they are connected and can view the ceremony, this can include:

- ♥ a picture of the couple
- ♥ a welcome message to match your wedding stationery

What your online guests will see and hear

- ♥ guests arriving and taking their seats
- ♥ the bride or groom walking down the aisle
- ♥ celebrants opening remarks – welcoming those in venue and remotely
- ♥ the vows
- ♥ signing of the register

A message of thanks to end the proceedings for those at home

- ♥ A thank you to those who couldn't attend
- ♥ A personal message from the newly married couple

You'll receive the connection details to send to your guests the day before the wedding. The ceremony can be viewed by up to 1,000 guests.
